Weinbeschreibung

All grapes come from the same small field called "Jættehøj". Solaris is a very fruity wine and this field kicks in a lot of crispiness due to the soil.

Recomendado con el siguiente plato...

White meats, summer food and on its own.

Vinification

cool fermentation in steel, trying to keep the wine fruity and fresh, with lots of minerality.

Descripción del viñedo

Dyrehøjgaard, where the brand RÖS is created, has a hundred year old history as a traditional farm on Røsnæs, but today it is mainly a vineyard. Tom Christensen bought the farm in 2007 and planted the first wine plants in 2008. The first two species were mainly Solaris and Cabernet Cortis and selected in corporation with the Staatliches Wineinstitute in Freiburg, Germany. Today the wine area covers around 7 hectares with approx 23.000 plants being the largest wine producer in Denmark. The main varieties are now Solaris, Muscaris, Johanniter and Souvi ...
